

DJ Kuya Bio

DJ Kuya's record speaks for itself, DJing for over 20 years, with three Victorian DMC State titles (1998-2000) and earning the Australian ITF DJ title in 1999, it seems as though Kuya's done it all, from rockin' parties to winning DJ competitions.

Kuya has proven to be one of Australia's most innovative and original DJs which has led to Kuya being in demand for gigs far and wide, including supports for Public Enemy, DJ Krush, DJ Q-Bert, Lyrics Born, Plantlife, playing at major events such as the Matrix Revolutions premiere at the Sydney Opera House, various festivals around Australia, as well as remix/production and Mix CD work for Royal Elastics, N.F.A (No Fixed Abode, formerly of 1200 Techniques), and The Beautiful Girls.

Most recently he's played shows in Singapore (The Dreamcatchers) and Kuala Lumpur (Solo DJ Sets at Republic & Bar Laundry) to high praise and enthusiastic crowds. How much praise? So much so that Kuya is set to return to Malaysia and Singapore in late 2008 for a three-month residency.

Currently, Kuya has been on the grind writing music for an upcoming solo release, producing remixes, and working on a Live/Remix set, previews of which can be found on his myspace page. Kuya is also the tour DJ and keyboard player for N.F.A. The Dreamcatchers, and Apsci of Quannum Projects.
